TRCA Chair Board and Board Members
Toronto and Region Conservation Authority
5 Shoreham Drive, Downsview, ON M3N 1S4

Dear Chair Maria Augimeri and Board Members:

RE: Funding Request to City of Toronto for Shuttle Bus for Tommy Thompson Park

Tommy Thompson Park (TTP) on the Leslie Street Spit is a unique and important space on the Toronto Waterfront. It is used by thousands of people from all walks of life and for many purposes - field naturalists, birding, walking fishing, sailing and biking. There was a public shuttle bus service in TTP but alas, it was cancelled in 2011. Sadly it is inaccessible for those who are not abled bodied or those using canes and walkers.

In 1992, the Master Plan for Tommy Thompson Park (TTP) was approved with an amendment that the "Master Plan for TTP include a public transit component to ensure access to the Spit". The 1995 Order in Council approving the Master Plan expanded on this: "The MTRA or the park operating agency will develop a public consultation process for park users regarding the type and operation of the park transportation service."

I have met with TRCA about this situation and staff have advised they think this is good time to reintroduce a transportation service or shuttle service that meets Accessibility for Ontarians with Disabilities Act regulations, to improve public accessibility within the park and to improve safety for the growing number of visitors. In December of 2018, they completed a cost estimate for the operation of a shuttle service during hours when Tommy Thompson Park is open to the public. The annual operating cost will total \$130,000.00 which includes capital recovery.

I would like TRCA Board to support the request to the city to initiate the shuttle:

That City of Toronto Council be advised that the TRCA Board of Directors formally requests the City to add additional annual operating budget of \$130,000 in the 2019 budget and beyond for the operation of an accessible shuttle that meets AODA requirements between the Tommy Thompson Park Pedestrian Bridge and parking lot at Leslie Street.

Best regards,

Paula Fletcher, City Councillor
Ward 14, Toronto-Danforth

Section I – Items for Board of Directors Action

TO: Chair and Members of the Board of Directors
Meeting #1/19, Friday, January 25, 2019

FROM: Chandra Sharma, Director, Watershed Strategies

RE: **REGIONAL WATERSHED ALLIANCE**
Appointment of TRCA Board of Directors members to the Regional Watershed Alliance

KEY ISSUE

To appoint five Board of Directors members (representing TRCA's member municipalities), following the 2018 municipal elections, as detailed in the Section 4.1.1. of the Regional Watershed Alliance Terms of Reference.

RECOMMENDATION

THAT the following TRCA Board of Directors members representing TRCA's member municipalities be appointed to the Regional Watershed Alliance (RWA) for the 2019-2021 term, or until their successors are appointed:

City of Toronto:
Jennifer Drake
Councillor Jennifer McKelvie

Region of Durham:
Councillor Joanne Dies

Region of Peel:
Councillor Jennifer Innis

Region of York:
Councillor Jack Heath

AND FURTHER THAT Matt Mahoney and Jack Ballinger be thanked for their service to the RWA.

BACKGROUND

There are five TRCA Board of Directors positions identified in the Terms of Reference, representing the City of Toronto, regions of Durham, Peel and York, and the Township of Adjala-Tosorontio/Town of Mono.

At Authority Meeting #8/17, held on October 27, 2017, appointment of five Authority members to the Region Watershed Alliance was approved for the term of 2017 - 2021. Following the October 22, 2018 municipal elections, member municipalities have appointed new representatives to the TRCA Board of Directors (formerly referred to as Authority), affecting the composition of Regional Watershed Alliance and warranting appointment of the new members.

Five members are recommended, with two representatives from the City of Toronto, as the Adjala-Tosorontio/Mono representative has transferred their position to the City of Toronto at

Item 10.1

the Authority Meeting #8/17, held on October 27, 2017. Additionally, two above-mentioned municipalities made appointments at the local municipal or staff level and thus are represented on the committee.

Section II – Items for Executive Action

RES.#B124/18 - APPOINTMENT OF ENFORCEMENT OFFICERS

Recommended appointment of two Enforcement Officers, John MacKenzie and Jason Wagler, for the purposes of signing authority in the administration of the Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation (Ontario Regulation 166/06, as amended).

Moved by: Mike Mattos
Seconded by: Jennifer McKelvie

THAT John MacKenzie and Jason Wagler be appointed as Enforcement Officers for the purposes of Section 3(3) of the Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation (Ontario Regulation 166/06, as amended) by the Board of Directors of the Toronto and Region Conservation Authority (TRCA), pursuant to Section 28 of the *Conservation Authorities Act*.

CARRIED

BACKGROUND

The Conservation Authorities Act provides for a conservation authority to appoint enforcement officers. Ontario Regulation 166/06 provides for the executive committee, or one or more employees of the Authority, to be designated for the purposes of granting of permissions pursuant to Section 28 of the Act. These appointments will provide for the delegation of staff for authorizing the issuance of permits approved by the Executive Committee under the Regulation. Staff delegated with this responsibility historically consists of our Chief Executive Officer and senior staff members within our Planning and Development Division (Senior Director, Associate Directors, Senior Managers, Managers, Senior Planners).

RATIONALE

Mr. John MacKenzie is the Toronto and Region Conservation Authority Chief Executive Officer with overall oversight and accountability for TRCA programs including the administration of Planning and Development functions and TRCA's regulation services. Mr. Jason Wagler has recently been appointed to the position of Senior Planner within the Planning and Development division, and responsible for oversight and supervision of staff associated with the review and approval of applications. Their recommended appointment as Enforcement Officers will allow them to authorize the issuance of approvals for the work that they supervise.

Section IV – Ontario Regulation 166/06, As Amended

RES.#B125/18 - APPLICATIONS FOR PERMITS PURSUANT TO ONTARIO REGULATION 166/06, AS AMENDED

Development, Interference with Wetlands and Alterations to Shorelines and Watercourses. Pursuant to Ontario Regulation 166/06, as amended, written permission from the Authority is required for:

- a) straightening, changing, diverting or interfering in any way with the existing channel of a river, creek, stream or watercourse, or for changing or interfering in any way with a wetland;
- b) development, if in the opinion of the Authority, the control of flooding, erosion, dynamic beaches or pollution or the conservation of land may be affected by the development.

A permit may be refused through a Hearing Process, if in the opinion of the Authority, the control of flooding, erosion, dynamic beaches, pollution or the conservation of land is affected.

Moved by: Jennifer Innis
Seconded by: Glenn De Baeremaeker

THAT permits be granted in accordance with Ontario Regulation 166/06, as amended, for the applications 11.1 – 11.3, which are listed below:

CARRIED

MAJOR PERMIT APPLICATIONS 11.1 - 11.3 – REGULAR – FOR APPROVAL

Applications that involved a more complex suite of technical studies to demonstrate consistency with policies; applications that cover a significant geographic area, extensive modifications to the landscape, major infrastructure projects, applications requiring site specific conditions and permissions that extend beyond two years.

CITY OF PICKERING

11.1 CITY OF PICKERING

To construct, reconstruct, erect or place a building or structure, site grade, temporarily or permanently place, dump or remove any material originating on the site or elsewhere, and alter a watercourse along Krosno Creek between Morden Lane and Sandy Beach Road, in the City of Pickering, Frenchman's Bay Watershed as located on the property owned by the City of Pickering. The purpose is to replace three (3) culverts along Krosno Creek at Morden Lane, Reytan Boulevard and Alyssum Street, and to reconstruct the channel between Reytan Boulevard and Sandy Beach Boulevard to address riverine flooding and channel erosion issues in the area. Furthermore, an existing sanitary sewer will be realigned along the reconstructed channel corridor, as the current sewer alignment conflicts with the proposed culvert replacement at Reytan Boulevard. The warm water construction timing window will apply to this project.
