

STANDARD DELEGATED PERMITS FOR RECEIPT– STAFF APPROVED AND ISSUED

Delegated Permits are processed by Development and Engineering Services Division staff, authorized by designated staff appointed as Enforcement Officers by the Board of Directors and received monthly by the Executive Committee. Delegated permits are categorized as standard, routine infrastructure works, emergency infrastructure works, minor works and permits after the fact/resolution of violations. Standard permits are non-complex permissions consistent with TRCA approved policies and procedures and issued for a time period of two years or less.

REGIONAL MUNICIPALITY OF YORK - Humber River Watershed

The purpose is to undertake emergency repair works in two chambers along the York-Peel Feedermain at the intersection of Rutherford Road and Highway 27, in the City of Vaughan. The proposed works include construction of a compound and a temporary entrance to the site from Highway 27. The proposed works also include shutting down, periodic flushing and draining four valve/drain chambers and the feedermain during the emergency repairs. The works are classified as "Emergency Infrastructure Works" due to failed infrastructure requiring immediate response, representing an immediate hazard to public safety, and as such represented a threat of loss of property (Conservation Authorities Act) and are considered failure. This permit is in

Item 10.4

accordance with the TRCA Permission for Emergency Infrastructure Works Review Protocol (Authority Res. #A105/150). No in-water works are within the scope of the project.

CFN: 66001 - Application #: 0002/22/VAUG
