Authority

Dear Ms. Innis and Mr. Wright:

It is a pleasure to inform you that the ministry has completed the review of the amended assessment report for the Toronto and Region Source Protection Area and source protection plan for the CTC Source Protection Region, developed in accordance with the *Clean Water Act, 2006*. To ensure that the quality and quantity of Ontario's municipal drinking water sources continue to be protected, I approve the amendments pursuant to section 34 of the *Clean Water Act, 2006*. These amendments will take effect on the day a notice of this decision is posted to Ontario's Environmental Registry.

The approval of these amendments does not make any changes to the order under section 36 of the *Clean Water Act, 2006* that governs the future review of the plan.

I appreciate the dedication of the local municipalities, source protection authorities and committees, and all our partners and stakeholders for their work and contributions to these amendments. Our strong protection framework will continue to help ensure Ontario's drinking water is held to high safety standards and that sources of drinking water in the province are protected for future generations.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Piccini".
