

Item 11.13

11.13 STANDARD DELEGATED PERMITS

Standard Permits, including Emergency Infrastructure Works permissions, are implemented by Planning and Development Division staff and are received monthly by the Executive Committee. Standard Permits, including Emergency Infrastructure Works permissions, are subject to the authorization of designated staff appointed as Enforcement Officers, as per Authority Res.#A198/13, #A199/13 and #A103/15, respectively. All standard and emergency infrastructure works are non-complex permissions consistent with TRCA approved policies and procedures and issued for a time period of two years or less.

CITY OF BRAMPTON

16 PEMBERTON COURT - Etobicoke Creek Watershed

The purpose is to undertake works within TRCA's Regulated Area of the Etobicoke Creek Watershed in order to facilitate at the rear of the existing dwelling 1) construction of a 48.8 square metre replacement deck, 10.0 square metre replacement stairs, and a 23.41 square metre roof structure above part of the deck, and 2) removal of an existing retaining wall to backfill with 15-20 cubic metres of clean fill and cover with topsoil and sod grass. The subject property is located at 16 Pemberton Court, in the City of Brampton.

CFN: 59443 - Application #: 0184/18/BRAM

Date: May 9, 2018

REGIONAL MUNICIPALITY OF PEEL - Humber River Watershed

The purpose is to retrofit the surface of Airport Road from Countryside Drive to Mayfield Road, in the City of Brampton, in order to provide Ministry of Natural Resources and Forestry (MNR) off-site compensation for habitat loss associated with a separate Regional Municipality of Peel project located outside of TRCA's jurisdiction. The proposed retrofit works will provide Enhanced Level 1 water quality control, and mitigation of thermal impacts for 0.85 ha of the existing road surface, which currently discharges directly into the West Humber River. Proposed works include installation of eleven (11) CB Shield catch basin infiltration units within existing catch basins, two (2) Imbrium Jellyfish filters, and two (2) cooling systems located on the north and south valley slopes of the West Humber River crossing at Airport Road, north of Countryside Drive. Two temporary access roads will be constructed from Airport Road to the north and south sides of the West Humber River, and will be restored to pre-construction conditions upon completion of work. No in-water works are associated with this project.

CFN: 58444 - Application #: 1074/17/BRAM

Date: April 24, 2018

CITY OF MARKHAM - Don River Watershed

The purpose is to undertake the restoration works on three sections of Pomona Mills Creek within the Royal Orchard Park, downstream of Kirk Drive. The channel erosion at all three sites is undermining banks along the multi-use trails posing a safety risk to the trail users. The works will include installation of erosion protection at east and west banks and realignment of sections of the trail away from the erosion hazard. The warm water construction timing window will be applied to this project.

Item 11.13

YORK REGION RAPID TRANSIT CORPORATION

To temporarily or permanently place, dump or remove any material, originating on the site or elsewhere and alter a watercourse at Culvert C4 near Highway 400 and Highway 7 Interchange, in the City of Vaughan, Humber River Watershed as located on the property owned by the Ministry of Transportation. The purpose is to undertake culvert clean-out works related to Culvert C4 & C8 at the Highway 400, Highway 7 Interchange. The works will include, removal of the silt material that is impeding the flow of water through Culvert C4. This work is required in advance of the permanent realignment of the ramps and installation of the new culverts under a separate permit (CFN 56843). An extended warm water construction timing window will apply to the works.
