Item 9.2

Section III - Items for the Information of the Board

TO: Chair and Members of the Executive Committee Meeting #5/20, Friday, September 11, 2020

FROM: Michael Tolensky, Chief Financial and Operating Officer

RE: 2020 SIX MONTH FINANCIAL REPORT

KEY ISSUE

Receipt of Toronto and Region Conservation Authority's (TRCA) unaudited expenditures as of the end of the second quarter, June 30th, 2020, for informational purposes.

RECOMMENDATION

IT IS RECOMMENDED THAT the 2020 Financial Report for the six-month period ended June 30th, 2020, be received.

BACKGROUND

As part of TRCA's financial governance procedures, staff are presenting the 2020 Six Month Financial Report, which covers the period January 1, 2020 through to June 30, 2020. This report provides information on the spend rate of expenditures for the first six months of 2020.

RATIONALE

TRCA believes in transparency and accountability for its spending, revenue recognition and performance of service delivery objectives against approved budgets, for both the organization and for each project and program as an individual endeavor. This is further supported by TRCA's core values of integrity, collaboration, accountability, respect and excellence. TRCA recognizes that all projects and programs offered have cost implications and that all costs incurred are reasonable and practical in support of services. Transparency throughout the budget management process is achieved in part through the analysis and reporting on year to date revenues/expenses as compared to the current fiscal year budget. In order to improve the accuracy in reporting anticipated issues in expenditures, TRCA established a seasonal forecasting baseline using historical data from the past three years to estimate the seasonal variances within each program area.

Relationship to Building the Living City, the TRCA 2013-2022 Strategic Plan This report supports the following strategy set forth in the TRCA 2013-2022 Strategic Plan: **Strategy 9 – Measure performance**

FINANCIAL DETAILS

The operating and capital reporting by Service Area and underlying Program Areas are provided in Attachments 1, 2 and 3 respectively. The attachments provide a summary analysis of expenditures to date and the variance explanations by Program Area which have a variance threshold of +/- 10% and \$500,000 from anticipated quarterly spend rates. Variances within these thresholds are deemed to be within the expected range. The operating report shows three reportable variances for the six-month period, whereas the capital report contains seven Program Areas that have reportable variances. Attachment 3 provides explanations for these variances.

DETAILS OF WORK TO BE DONE

Staff are constantly analyzing TRCA's 2020 operations in the context of COVID-19's impact on the organization's revenues and expenditures and potential for government funding to reduce the repercussions to our staff complement, while ensuring that the safety of staff and the public is maintained. An analysis of the current and anticipated impacts of COVID-19 on TRCA's authority generated revenues is provided in the accompanying report titled *COVID-19 Financial Update*. While impacts related to COVID-19 have been noted in TRCA's Tourism and Recreation and Education and Outreach Service Areas, TRCA's mandatory work in areas such as Erosion Management have been unimpacted and continue to proceed as planned.

In order to mitigate the negative impacts to operations, TRCA staff will continue to monitor for new grant opportunities which includes potential funding opportunities through the Federal Government's COVID-19 Economic Response Plan including the recently released Investing in Canada Infrastructure program's COVID-19 Resilience stream. Staff have initiated communications with program officers to ensure that all available funding opportunities are explored.
